A. The right of the Property Owners Association to suspend the voting rights of any Owner for any period during which any assessment against his Tract remains unpaid; and for a period not to exceed sixty (60) days for any infraction of the By-Laws and/or the published rules and regulations of the Property Owners Association;

B. No such dedication or transfer shall be effective unless an instrument agreeing to such dedication or transfer signed by two-thirds (2/3) of each class of members has been recorded.

C. Neither the Roadway nor the Water Supply System is presently dedicated to the public nor has either been accepted by any governmental subdivision. Each shall remain the property of Declarant or the Association, as the case may be, until such time, if ever, that there will be an annexation of the Property

by a governmental subdivision, and an accompanying dedication and acceptance by such governmental subdivision. Inclusion of dedication language upon any plat filed with the County Clerk of Washington County, Nebraska, shall not effect a change, repeal or waiver of the foregoing.

D. The Property Owners Association, as successor to Declarant, shall forever and until annexation have the sole responsibility, and at its cost, to repair and maintain the Roadway and the Water Supply System within the Property, and to hold the public, the State of Nebraska, or any of its political subdivisions, harmless from the same.

SECTION 2. Delegation of Use. Any Owner may delegate: (i) in accordance with the By-Laws of the Property Owners Association, his right of enjoyment to the Roadway and/or the Water Supply System to the members of his family, his tenants, or contract purchasers who reside on the Tracts.

SECTION 1. Membership. Every Owner of a Tract which is subject to assessment shall be a member of the Property Owners Association. Membership in the Property Owners Association shall be appurtenant to and may not be separated from ownership of any Tract which is subject to assessment.

SECTION 2. Voting Rights. Members of the Property Owners Association shall be entitled to one vote for each Tract owned. When more than one person holds an interest in any Tract, all such persons shall be members, however, there shall be only one vote per Tract, and in no event shall more than one vote for either Property Owners Association matters be cast with respect to any Tract. Accordingly, if two or more persons are members from a Tract, their acts with respect to voting shall have the following effect: (i) if only one votes, such act binds all; and (ii) if more than one votes, the vote shall be divided on a pro rata basis.

ARTICLE IV. COVENANT FOR ROADWAY AND WATER SUPPLY SYSTEM CHARGES AND MAINTENANCE ASSESSMENTS.

SECTION 1. Creation of the Lien and Personal Obligation of Assessments. The Declarant, for each Tract owned within the Property, hereby covenants and each Owner of any Tract by acceptance of a deed therefore, whether or not it shall be so expressed in such deed, is deemed to covenant and agree to pay to the Property Owners Association:

A. Annual assessments or charges; and

B. Special assessments for improvements, such assessments to be established and collected as hereinafter provided.

The annual and special assessments, together with interest, costs, and reasonable attorney's fees, shall be a charge on the land and shall be a continuing lien upon the property against which each such assessment is made. Each such assessment, together with interest, costs, and reasonable attorney's fees, shall also be the personal obligation of the person who was the Owner of such Tract at the time when the assessment fell due. The personal obligation for delinquent assessments shall not pass to his successors in title unless expressly assumed by them.

SECTION 2. Purpose of Roadway Maintenance Assessments. The Roadway maintenance assessments levied by the Association shall be used exclusively for the maintenance, repair, replacement, and improvement of the Roadway, including, but not limited to, expenses for grading, rock, drainage structures, culverts, snow removal, hard surfacing, etc., as well as insurance coverages associated therewith.

SECTION 3. Purpose of Water Supply System Assessments. The Water Supply System assessments levied by the Association shall be used exclusively for the maintenance, repair, replacement, and improvement of the Water Supply System, including insurance coverages associated therewith.

SECTION 4. Maximum Annual Assessment. Until January 1, 2005, the maximum annual assessment for Roadway Maintenance shall be Two Hundred Dollars (\$200.00) per Tract and the maximum annual assessment for the Water Supply System shall be One Hundred Dollars (\$100.00) per Tract.

A. From and after January 1, 2005, the each annual assessment may be increased by not more than Ten Dollars (\$10.00) per year over the annual assessment of the preceding year unless otherwise agreed by a vote of two-thirds (2/3) of each group of members who are voting by person or proxy at a meeting duly called for this purpose.

B. The Board of Directors may fix the annual assessment at an amount not in excess of the maximum.

SECTION 5. Special Assessments for Improvements. In addition to the annual assessments authorized above, the Association may levy in any assessment year, a special assessment applicable to that year only for the purpose of defraying, in whole or in part, the cost of any construction, reconstruction, repair, replacement, or improvement to (i) the Roadway and/or (ii) the Water Supply System; PROVIDED THAT, any such assessment shall have the assent of two-thirds (2/3) of the votes of each class of members who are voting by person or proxy at a meeting duly

called for such purpose.

SECTION 6. Notice and Quorum for any Action Authorized under Sections 4 and 5. Written notice of any meeting called for the purpose of taking any action authorized under Sections 4 or 5 shall be sent to all members not less than thirty (30) days nor more than fifty (50) days in advance of the meeting. At the first such meeting called, the presence of members or of proxies entitled to cast sixty percent (60%) of all the votes of each class of membership shall constitute a quorum. If the required quorum is not present, another meeting may be called subject to the same notice requirement, and the required quorum at the subsequent meeting shall be one-half (1/2) of the required quorum at the preceding meeting. No such subsequent meeting shall be held more than sixty (60) days following the preceding meeting.

SECTION 7. Uniform Rate of Assessment. Both annual and special assessments, with respect to all improved Tracts, shall be uniform in amount. In recognition of the fact that (i) substantially all of the Roadway maintenance budget for the Association will be as a result of the use of the Roadway by Owners of Improved Tracts as opposed to Unimproved Tracts and that (ii) substantially all of the Water Supply System budget for the Association will be as a result of the use of the Water Supply System by Owners of Improved Tracts as opposed to Unimproved Tracts, the regular assessment for each Unimproved Tract will be equal to ten percent (10%) of the regular assessment due for each Improved Tract. Said assessment may be collected on a monthly basis.

SECTION 8. Date of Commencement of Annual Assessments: Due Dates. The Annual Assessments provided for herein shall commence as to all Tracts on the first day of the month following the conveyance of the Roadway and the Water Supply System to the Property Owners Association. The first Annual Assessment shall be adjusted according to the number of months remaining in the calendar year. The Board of Directors shall fix the amount of the Annual Assessment not less than thirty (30) days in advance of the first month in which such Annual Assessment is to take effect. Written notice of the Annual Assessment shall be sent to every Owner subject thereto. The due date of the Annual Assessment shall be established by the Board of Directors. The Property Owners Association shall, upon demand, and for a reasonable charge, furnish a certificate signed by an officer of the Property Owners Association setting forth whether the assessments on a specified Tract have been paid. A properly executed certificate of the Property Owners Association as to the status of assessments on a Tract is binding upon the Property Owners Association as of the date of its issuance.

SECTION 9. Effect of Non-Payment of Assessments: Remedies of the Property Owners Association. Any assessment not paid within

thirty (30) days after the due date shall bear interest from the due date at the rate of twelve percent (12%) per annum. The Property Owners Association may bring an action at law against the Owner personally obligated to pay the same, or foreclose the lien against the property. No Owner may waive or otherwise escape liability for the assessments provided for herein by non-use of the Roadway or abandonment of his Tract.

SECTION 10. Subordination of the Lien to Mortgages. The lien of the assessments provided for herein shall be subordinate to the lien of any first mortgage. Sale or transfer of any Tract shall not affect the assessment lien. However, the sale or transfer of any Tract pursuant to mortgage foreclosure of any proceeding in lieu thereof, shall extinguish the lien of such assessments as to payments which became due prior to such sale or transfer. No sale or transfer shall relieve such Tract from liability for any assessments thereafter becoming due or from the lien thereof.

ARTICLE V. INSURANCE

SECTION 1. Property Owners Association Insurance. The Property Owners Association shall purchase and provide liability insurance for the Property Owners Association and for its members with respect to the Roadway and the Water Supply System only, any such liability insurance for the protection of the Owners of any Tracts being the responsibility of each Owner.

SECTION 2. Annual Review of Policies. All insurance policies shall be reviewed at least annually by the Board of Directors of the Property Owners Association in order to ascertain whether the coverage contained in the policies is sufficient with respect to potential liability.

ARTICLE VI. MAINTENANCE AND REPAIR

SECTION 1. Roadway. In the event that the need for maintenance or repair of the Roadway is caused through the willful or negligent acts of an Owner, or through the willful or negligent acts of the family, guests, or invitees of an Owner, which acts shall include damages caused by vehicles loaded to a weight in excess of the posted weight limits passing over the Roadway, the cost of such maintenance or repair shall be added to and become part of the assessment to which such Owner and his Tract(s) are subject.

SECTION 2. Water Supply System. In the event that the need for maintenance or repair of the Water Supply System is caused through the willful or negligent acts of an Owner, or through the willful or negligent acts of the family, guests, or invitees of an Owner, the cost of such maintenance or repair shall be added

to and become part of the assessment to which such Owner and his Tract(s) are subject.

ARTICLE VII. ACCESS

SECTION 1. Property Owners Association Access. The Property Owners Association, its officers, employees and agents, and contractors and repairmen designated by the Property Owners Association, shall have the right to go on any Tract for the purpose of performing maintenance and repair to the Roadway and/or the Water Supply System, making inspections and performing the duties of the Property Owners Association hereunder, and the Property Owners Association is hereby granted a specific easement for such purposes.
