BY- LAWS

5. Planning Commission By-Laws
Discussion and action on PC By-laws

Wirtz explained that the Planning Commission has to have a final draft of the changes to the By-Laws five days prior to the meeting and changes were made today, so the By-Laws cannot be voted on tonight. Wirtz advised that the Planning Departments website, which is no longer in use, is referenced in Article 5-2 of the By-Laws. That reference has been removed.

Research has been done on the issue of the number of members required to make a quorum and the necessary members required to take action. The Planning Commission would like to change Article 7, #1a to state “Four (4) members, a majority of the seven (7), shall constitute a quorum and the number of votes necessary to transact business shall be a majority of the membership present”. Wirtz stated that she would have to check with Dave Ptak to make sure the change is legal.

Schjodt mentioned that we needed to add when and how the Chairman and Vice-Chairman are selected. The PC elects those positions at the first meeting of the year. That information would be added under Article 4-1.

MOTION: Rasmussen  
I move to continue the approval of new By-Laws till the next meeting.

SECOND: Neuverth  
VOTE: Aye – Neuverth, Schjodt, Rasmussen, Albracht, Mathiesen, Petznick

OLD BUSINESS

Conditional Use Permit reviews: Approved Administratively per County Zoning Regulations Section 6.14 and 6.18

93-08 Rhea Cattle feed lot
14-15 Leisure Property, LLC establish & operate a recreational area

Wirtz contacted DEQ for livestock permits in Washington County. There are not many permits. The existing permits are grandfathered, very vague on numbers and have contradictions. Wirtz recommended approving these permits as lawful at the time the new regulations are adopted. Wirtz plans to approve the livestock CUPS as they come due and, when the new regulations are adopted, try to get accurate numbers.

Wirtz informed the PC there has been no new activity at Leisure Property.

NEW BUSINESS

Discussion if CUP is required for Immanuel Lutheran Church to expand their existing school to include pre-school (location: 27052 Co. Rd. 12, Hooper)

Wirtz informed the PC that Immanuel Lutheran Church is planning to expand their existing school to include a pre-school. There is no action required from the PC, the school is grandfathered. Rasmussen stated that next year it will only be a pre-school.
REPORTS FROM STAFF
Silt fence requirements for pole barns: Wirtz pointed out to the PC that the Resolution on erosion control states that silt fences are required for pole buildings in a subdivision when the building exceeds 576 square feet. She questioned if silt fences were necessary for pole buildings since a small amount of dirt is moved. The PC recommended leaving the resolution as is.

Desoto splitting lots: The original approved plot for Desoto Park Estates was for 76 RV spots. Desoto Park Estates is now splitting some of those lots and making A & B lots. The PC wants them to bring in a new plot for approval if they want to split the existing lots.

Adult Entertainment: There is an establishment that has law suits against counties that don’t accommodate their adult entertainment business. Our revised regulations will deal with this area.

Allen Hills road vacation: The Allen Hills Homeowners Association is in the process of vacating the second entrance into Allen Hills. This will not be an agenda item for the PC. The Board of Supervisors will make that determination.

Dirt moving on Hwy 75: Someone is selling dirt along Hwy 75 just North of Nashville. The regulations say that a CUP is required for mining activity, which includes dirt. Wirtz sent a notice explaining the requirements.

Shaner address dispute: Jeff and Kelli Shaner were given an address on North 7th street in Ft. Calhoun. North 7th street does not physically exist. It is not in the 911 system. Shaner’s would like the county to make it recognized as a road. Wirtz suggested Shaners change their address. (Ft. Calhoun City jurisdiction)
